PRODUCT DESCRIPTION

Designer: Astro Design Team

Astro Minima Round Recessed Light

Astro Minima Round Recessed Light is a simple round ceiling light for interior use. It is available in fixed and adjustable versions, with Matt White and Matt Black finish options.

The fixed version gives straightforward downlighting, while the adjustable version can be tilted and rotated to aim the light where needed.

Minima Round uses one GU10 lamp, sold separately, and can be dimmed when used with a compatible dimmable bulb. It is wired in, Class I, and does not require a driver. This fitting is not suitable for covering with thermal insulation or mounting on flammable materials.

Best suited to hallways, kitchens, bedrooms, living spaces, and areas where fixed or adjustable recessed light is needed.
