PRODUCT DESCRIPTION

Designer: Astro Design Team

Astro Messina 160 II Exterior Wall Light

Astro Messina 160 II Exterior Wall Light is a classic outdoor wall light with a metal frame and clear glass panels. The lamp stays visible inside the fitting, giving it a traditional lantern-style look for exterior walls.

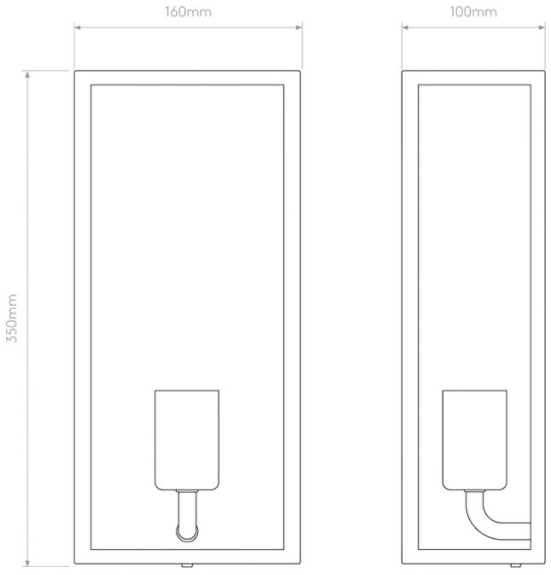

Messina 160 II is made from 304 stainless steel and is rated IP44 for outdoor use. It is available in Bronze and Textured Black, with the clear glass panels keeping the body open and allowing the chosen lamp to affect the final appearance.

Messina 160 II uses one E27/ES lamp, sold separately, and can be dimmed when used with a compatible dimmable bulb. It is wired in, Class I, and suitable for mounting on flammable surfaces. This product is not suitable for installation within five miles of the coast.

Best suited to entrances, porches, patios, garden walls, exterior walls, and sheltered outdoor areas.
