Astro Coach 130 Wall Light

The Astro Coach 130 Wall Light combines a classic lantern-inspired silhouette with a simple textured black finish, making it a versatile choice for both traditional and more understated contemporary exteriors. Its clear glass panels and slim metal frame give it an open, timeless look that works well beside doorways, along exterior walls and in covered outdoor areas.

Rated IP44, Coach 130 is suitable for outdoor use as well as bathroom zones 2 and 3, making it a practical option for projects that need a decorative wall light with broad application. The clear glass allows the chosen lamp to remain visible, so it can be styled with different E27 bulbs to suit the setting, whether you want a more classic or contemporary feel.

Coach 130 uses one E27 lamp and is dimmable when paired with a compatible dimmable bulb. Made from mild steel and glass, it is also suitable for use within five miles of the coast and in other onerous environments, making it a strong option for more exposed locations.

PRODUCT SPECIFICATION

Light Source:	1 x Max 60W E27 (Excluded)
IP Code:	44
Dimming:	Dimmable via mains phase.
Dimensions:	Height: 50.5cm Width: 13cm Depth: 16.45cm
