Plane Surface Light by Tom Dixon

The Plane surface light is an extension of the minimalist range by Tom Dixon, suitable for installation in a wall or ceiling. The design consists of two interlocking mirrored brass plates enclosing the blown glass globe. This wall light creates a soft ambient lighting effect, ideal for cosy living spaces such as living rooms.

Tom Dixon Plane light also has the feature of IP 44 rating, which means this beautiful globe can be used in bathrooms for a touch of luxury.

Please note, that to dim the lamp you need to install a dimmable bulb.
