Ferm Living Arum Table Lamp

The Arum Table Lamp is distinguished by its solid, curved base paired with the organically shaped lampshade. A study in contrasts, this lamp is inspired by the Arum plant, with the curved shade referencing the plant's petals. Each lamp is available in a black or cashmere finish. The black finish is paired with a solid black marble base, while the cashmere finish is paired with a solid travertine base. The powder-coated metal frame ensures durability and a sleek, luxurious appearance.

The underside of the petal-shaped shade is painted white to reflect light evenly. With a directional task light and an adjustable shade, the Arum Table Lamp is ideally placed on an office desk or sideboard. The ambient lighting created by the lamp adds a cosy and welcoming ambience, perfect for a bedroom or living room. Create a consistent and contemporary display throughout your home by displaying the Arum Table Lamp with other pieces from the **Arum Collection.**
