PRODUCT DESCRIPTION

Designer: Front

Zero Curve LED Table Lamp

Designed by Swedish studio Front, the Zero Curve LED Table Lamp takes inspiration from organic forms and movement. Resembling a sculptural mushroom, this lamp transforms the traditional library light into a modern, artistic piece. The curved, fluid stem creates a sense of motion, making it an eye-catching addition to any interior.

The Curve Table Lamp is available in three shade sizes (Ø15cm, Ø20cm, Ø30cm) and a range of finishes, including handblown glass shades in green or white or painted metal shades in green, white, pigeon blue, and ivory. The integrated LED module emits a soft, focused downlight, perfect for bedside tables, desks, or living room accents. Whether displayed individually or as part of a cohesive lighting scheme, the Curve lamp brings an artistic and functional element to residential and commercial spaces.
