THE LEADING LIGHT

David Village Lighting

Slamp Fabula Suspension

LA6019

PRODUCT DESCRIPTION

Designer: Constantino Morosin

Slamp Fabula Suspension Light

The Slamp Fabula Suspension is inspired by a long, silk ribbon. It is made of Slamp's Lentiflex® material and incorporates a magnetic attachment system for easy installation and maintenance. Like a large cloud, the Fabula seems to float weightlessly in the room and provides an exceptional statement piece in your space. This expressive suspension light, designed by Costantino Morosin, is a guaranteed eye catcher.

The handmade shade is curated from artistically folded synthetic strips of Lentiflex®, a material patented by Slamp. When the designer luminaire is switched on, the differently bent Lentiflex® strips present a visual effect that is unparalleled. The special plastic reflects and refracts the light in a way that makes the Fabula by Slamp appear like a sparkling crystal - Whilst also emitting diffused light in all directions, creating a harmonious ambience in any room. This light is also easy to mount and maintain, thanks to a practical magnetic holder.
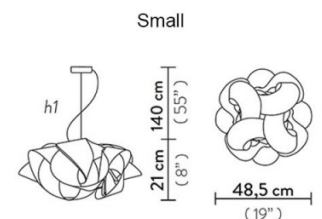

PRODUCT SPECIFICATION
