PRODUCT DESCRIPTION

Designer: Lorenza Bozzoli

Slamp Atmosfera Suspension light

Designed by Lorenza Bozzoli, the Atmosfera suspension light merges lighting and art into one, harbouring an almost vintage style. As the name indicates, this suspension light is an incredible solution for atmospheric lighting, perfect for creating calming atmospheres for reading and relaxation. The ability to dim this luminaire ensures you can personalise the light output for your own specific needs. These stylish lights are made from overlapping patented Methacrylate and Cristalflex layers that create a polka dot effect on the surface.

A perfect addition to your bedroom, living room, restaurants or cafes.
