Resident Bloom Floor Lamp

The Resident Bloom Floor Lamp by Tim Rundle captures the delicate elegance of paper lanterns with its super-elliptical frosted glass shade and finely perforated mesh core. The combination of these materials creates a soft-focus texture within the shade and a downward pool of light that beautifully illuminates the surrounding area.

Set atop a bold matte black floor stand, the Bloom Floor Lamp's distinct character shines both when switched on and off. Its timeless design pairs well with minimalist interiors while also adding contrast to more vibrant spaces. With its graceful silhouette and warm glow, the Bloom Floor Lamp is an enduring statement piece for modern living.
