PRODUCT DESCRIPTION

Designer: Piero Lissoni

Flos Climber 87 Down LED Wall Light

The Flos Climber 87 Down Wall Light, from renowned designer Piero Lissoni, radiates a glare-free downward light at a beam angle of 14° or 73°. The smallest Climber in the range, the 87 Down LED light offers a minimalistic aesthetic which ensures the illumination is the main focus and is ideally used in both outdoor and indoor areas due to its IP65 rating and inconspicuous form.

Available in six colour choices including grey, forest green, white, black, deep brown and anthracite, the [Flos Climber Collection](#) also includes two alternative sizes and all sizes are available in either down or upwards and downwards light emission. The Climber 87 Down LED Wall Lamp is also available in 2700K (warmest white), 3000K (warm white) and 4000K (cool white) colour temperatures.
