### PRODUCT DESCRIPTION

**Designer:** Piero Lissoni

### Flos Climber 175 Up & Down LED Wall Light

Flos introduces the Climber 175 Up & Down Wall Light, offering a slender silhouette with a dual-emission light source. The bottom of the Climber Wall Light is protected by a shutter to avoid any glare while offering you the best light experience. The top of the light is also sealed with glass to avoid any water entering the structure and ensuring it is safe for use in outdoor settings.

The Flos Climber 175 Wall Light is available in six colour finishes, including anthracite, black, white, grey, forest green and deep brown. And with a beam angle of 16° or 72°, the Climber 175 LED Wall Light allows the choice between a spotlight and a generous floodlight. Also choose a colour temperature between the warmest white (2700K), warm white (3000K) and cool white (4000K).
