PRODUCT DESCRIPTION

Designer: Ferm Living

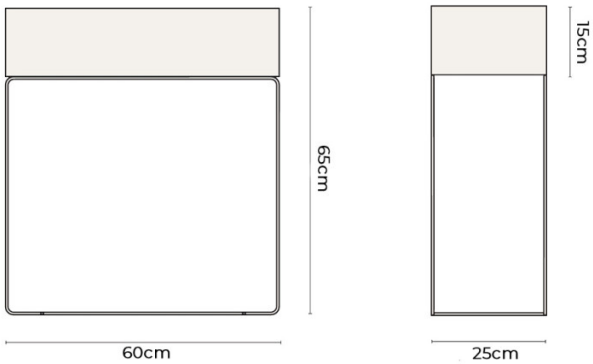

Ferm Living Plant Box

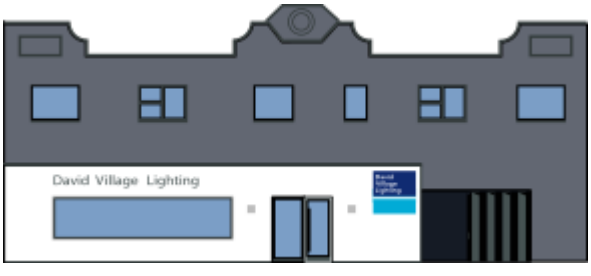

Designed by Ferm Living's team of in-house designers, the Plant Box is a self-standing planter that combines streamlined design with function. The contemporary, Scandinavian design features an uncluttered profile, free from any unnecessary details. The Plant Box is available in five finishes: Cashmere, Black, Bright Blue, Dark Chocolate and Light Grey. Each finish is powder-coated for a durable yet luxurious finish.

The Plant Box can be utilised both inside the home and out, offering versatility in use. Display throughout the home in an office, kitchen, or entryway as a functional storage solution. Alternatively, place greenery inside to give the Plant Box a more ornamental aesthetic. In commercial spaces, the Plant Box suits a wide range of settings and is an excellent way to add greenery or decoration to large areas.

PRODUCT SPECIFICATION
