PRODUCT DESCRIPTION

Designer: Neri&Hu

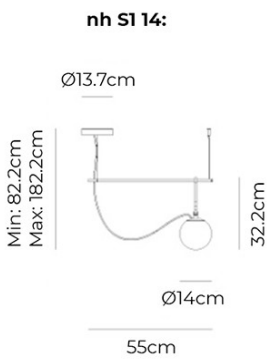

Artemide nh S1 Suspension

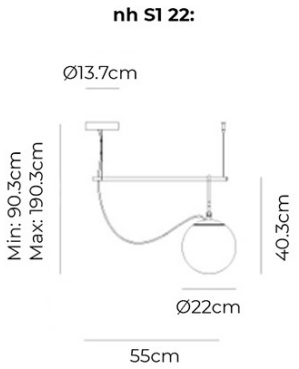

Designed by Neri&Hu, the Artemide nh S1 Suspension is a linear, eye-catching luminaire. The design duo behind this piece believe that each project has its own contextual issues. The nh Suspensions perfectly combines balance with contemporary design, which adds a modern twist to the traditional Chinese lantern. A blown glass diffuser is suspended effortlessly from the metal rail, balanced through a brass ring for added depth.

The Artemide nh Suspension offers a metal rail of 55cm, and the choice between a Ø14cm or Ø22cm glass diffuser. Both of which offer an evenly emitted glow, perfect for residential and commercial settings. The nh S1 Suspension can also be displayed in multiples for a more dramatic centrepiece.
