## PRODUCT DESCRIPTION

**Designer:** Porta Romana Lighting

### Porta Romana Compton Chandlier

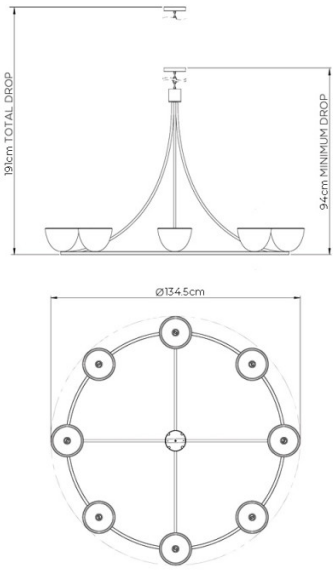

The Porta Romana Compton Chandelier is a generous-sized luminaire with a minimalistic aesthetic. The circular frame and bowl-shaped shades are crafted from cast Jesmonite and metal, which are expertly hand-painted in Porta Romana's in-house painting studio. Available in black and gold or white, the Compton Chandelier adds a modern presence to residential and commercial interiors alike.

The Porta Romana Compton features a textured finish, which adds a sense of depth to the design. Each textured cup houses an LED light source that projects light upward, bathing the ceiling in a glare-free glow for soft, ambient lighting. Display in a living area to add a strong focal point to the room that provides a warm and welcoming atmosphere.

**The Compton Chandelier is available in custom sizes. Please contact us for more information and pricing.**
