PRODUCT DESCRIPTION

Designer: Ferruccio Laviani

Kartell Big Battery LED Portable Lamp

A larger version of the **Kartell Battery Lamp**, Big Battery utilises the same silhouette and ambient lighting output, in four stylish colour options. Choose between Cola, Crystal, Light Blue and Plum. Each finish option is semi-opaque, allowing light to filter through the shade as well as down onto the surface below. This makes the lamp perfect for creating cosy corners in living rooms as well as for brightening up a dining table.

Designed by Ferruccio Laviani, the Kartell Big Battery has an IP54 rating, which allows you to carry it with you from interior to exterior settings and even bathrooms. Big Battery is also fitted with an integrated dimmer, meaning you can easily control the illumination and formulate the perfect ambience for your space. The portable lamp can be charged via a USB port (USB cable included), and its battery life is 8 hours.
