Ferm Living Way Cushions - Pack of 2

Ferm Living's in-house team of designers created the Way cushions by upcycling post-consumer plastic into recycled PET yarn. This well-considered, environmentally friendly method has led to a durable product that promotes a more conscious way of living. The cover is hand-woven into a geometric pattern that features asymmetrical tassel detailing along the sides.

Due to their durability, the Way cushions can be used both indoors and out. The muted tones of the off-white and blue checked design suit a wide range of interiors. Display these cushions on a large sofa or on a bed to add a touch of character to the room. Alternatively, the Way cushion provides a welcoming and comfortable addition to any picnic or outdoor seating area.

To wash the cover, use a gentle 30°C cycle.

PRODUCT SPECIFICATION

Dimensions: Height: 50cm
Width: 70cm
