PRODUCT DESCRIPTION

Designer: Ferm Living

Ferm Living Set of 3 Cluster Tables

Created by Ferm Living's in-house design team, the Cluster Tables feature three side tables in different sizes. Each table is freestanding, giving you the freedom to use whichever size is required. When not in use, the cluster can be stacked together as a space-saving solution. Each table is made from powder-coated steel, which has been formed into minimalistic, geometrical shapes that exude a sense of style.

Despite their durability and sturdy properties, the Cluster Tables are lightweight, making them easily moved and rearranged as needed. The tables are available in two finishes: cashmere or black. These muted tones complement the minimalistic aesthetic, allowing them to blend seamlessly with contemporary décors. The Cluster Tables offer a timeless and practical design, perfect for use as a bedside table or in a living room. In commercial areas, the Cluster Tables are well-suited to spaces such as waiting rooms or modern hotel lobbies.
