PRODUCT DESCRIPTION

Designer: Verner Panton

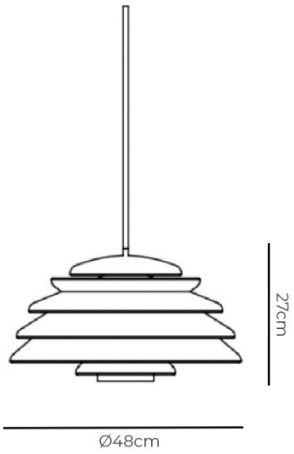

Verpan Hive Pendant

The Verpan Hive Pendant is a sculptural design by Verner Panton, inspired by organic forms found in nature. Crafted from multiple concentric aluminium shades, the pendant creates a distinctive layered silhouette that resembles a hive, bringing depth and a strong character to the surrounding space. Its bold yet balanced form makes it a striking focal point above dining tables, kitchen islands, and living areas.

Designed to provide direct downward illumination while softly diffusing light through its tiered structure, the Hive Pendant offers a comfortable, glare-free glow with a warm ambient presence. Available in polished aluminium or powder-coated yellow, the Hive Pendant combines Verpan's playful Danish design heritage with practical everyday performance, making it well-suited to interiors that require statement lighting with both personality and refinement.

PRODUCT SPECIFICATION

Light Source:	1 x Max 60W E27 (Excluded)
IP Code:	20
Dimming:	Dimmable via mains phase dimming.
Dimensions:	Ø48cm Height: 27cm Cable Length: 300cm
