PRODUCT DESCRIPTION

Designer: Verner Panton

Verpan Hive Pendant

The Hive pendant light was designed by Verner Panton who is often inspired by organic silhouettes found in nature, and the Hive pendant is no exception. Made of multiple metallic shades of differing sizes layered on top of each other, the Hive offers a very characteristic and sculptural quality while ensuring a 100% glare-free light. This design is just as striking with the lights turned off as it is with them on. The pendant lamp emits a generous downward light that is complimented by a soft and diffused lateral light which brightens the surrounds.

This stunning design is available in aluminium and a powder coated warm yellow that both elevate the design details within the lamp. The Hive pendant is brought to life from Panton's original archive sketches which make this lamp a classic Panton.

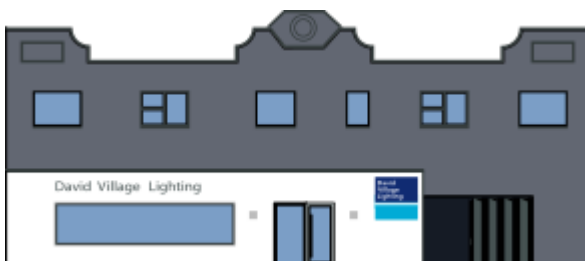

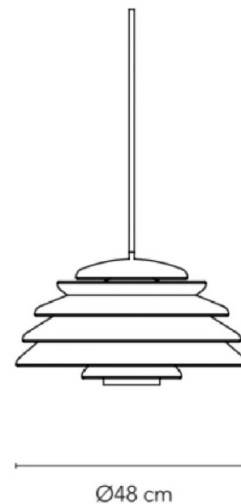

PRODUCT SPECIFICATION

Light Source: 1 x max 60W E27 (excluded)

IP Code: 20

Dimming: Dimmable via mains phase dimming

Dimensions: Ø 48 cm
27 cm height
300 cm cord
