PRODUCT DESCRIPTION

Designer: Verner Panton

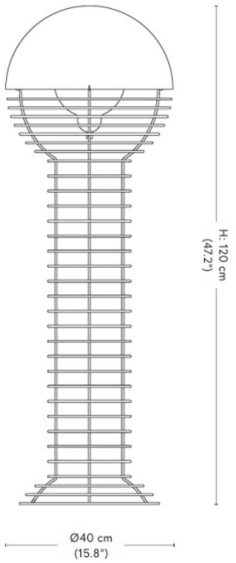

Verpan Wire Floor Lamp

The Verpan Wire Floor Lamp is a sculptural design that captures designer Verner Panton's playful approach to design. Its distinctive wire frame brings a contemporary edge to interiors, creating an open silhouette that, despite its large size, doesn't cause a visual block. The wire framework widens at the top to support the white hemispherical plastic shade. This contrast of materials softens the lamp's overall appearance while maintaining its light and non-intrusive aesthetic.

When illuminated, an integrated metal reflector guides light into the interior of the shade, producing a soft, diffused glow. Its open construction allows light to spread through the surrounding space for gentle illumination that suits living rooms, bedrooms, and reading areas. Display with the **Wire Table Lamp** to create a cohesive theme with a timeless aesthetic with unmistakable Danish design character.

PRODUCT SPECIFICATION

Light Source:	1 x Max 60W E27 (Excluded)
IP Code:	20
Dimming:	In-line on/off switch included on cable.
Dimensions:	Ø40cm Height: 120cm Cable Length: 250cm
