Le Klint The Bouquet 130M3 Chandelier

The Bouquet 130M3 chandelier was created by Danish designer Sinja Svarrer Damkjær. Damkjær drew inspiration for this pendant while on a trip in Italy. She was captivated by flower handlers at a local market, who would tie tulips in bundles, letting the flower heads sway and hang in a delicate curve. The Bouquet 130M3 is a bundle of three pendants, each created using Le Klint's iconic pleating technique. A wooden oak detail adds to the natural aesthetic of the pendant while functioning as an adjuster, allowing you to easily alter the cable length.

The pleated shade is available in plastic foil or paper. The plastic foil shade is fire-retardant and UV-resistant. The paper for the paper shade is made in Germany following Le Klint's high standards. Over time, the paper will patinate and develop a golden hue. Both materials are hand-folded in Le Klint's pleating studio in Odense, Denmark. The folded shade diffuses light into a glare-free ambient glow, creating a welcoming atmosphere to any room.

The Bouquet 130M3 is available with larger individual shades. Please contact us for details and prices for these larger shade options.
