Le Klint The Bouquet 130M5 Chandelier

The Bouquet 130M5 Chandelier was created by Danish designer Sinja Svarrer Damkjær. She drew inspiration for this chandelier while she was on a trip to Italy. During her time there, Damkjær would observe flower handlers at a local market. They would tie tulips into bundles, letting the heads hang down, creating beautifully delicate curves. The 130M5 is a bundle of five pendants, plaited together with braided linen cords. A wooden oak detail adds to the natural aesthetic while allowing you to easily adjust the cable length.

The pleated shades are available in plastic foil or paper. The plastic foil is fire and UV-resistant. The paper shade will patinate over time and develop a golden hue. These folded shades gently diffuse light into a glare-free, ambient glow. The Bouquet chandelier is well-suited to large areas with high ceilings and creates an eye-catching display when installed above a dining table. In commercial spaces, the Bouquet 130M5 will add a welcoming ambience to hotel lobbies or restaurants.

The Bouquet 130M5 is available with larger individual shades. Please contact us for details and prices for these larger shade options.
