Le Klint The Bouquet 130M7 Chandelier

Sinja Svarrer Damkjær created the Bouquet 130M7 for Le Klint. The idea for the collection came to her during a study trip to Italy. While there, she observed flower merchants at a local market tying tulips into bundles. The movement of the flower heads and the natural curve of the stem inspired the Bouquet, with the pleated shades referencing the organic aesthetic of the tulips. These shades are available in plastic foil or paper. The plastic foil is fire-retardant and UV-resistant. Over time, the paper shade will patinate and develop a golden hue. Both materials are expertly hand-folded at Le Klint's pleating studio in Odense, Denmark.

The Bouquet 130M7 features 7 shades braided together with a linen cord. A wooden oak detail on the cord adds to the natural look and allows you to adjust the cable length to suit your space. The pendant creates a statement wherever it is displayed, with its classic aesthetic adding a touch of elegance to the room. The soft, diffused lighting created a cosy and welcoming ambience, perfect for communal spaces such as dining rooms or lounge areas. In commercial spaces, the Bouquet 130M7 is perfectly suited to hotel lobbies or restaurants, creating a grand display and warm atmosphere.

The Bouquet 130M7 is available with larger individual shades. Please contact us for details and prices for these larger shade options.
