Le Klint 375 Table Lamp

The 375 table lamp was created to commemorate Le Klint's 75th anniversary in 2018. The design for the shade is taken from Le Klint's 107 pendant, originally designed by Esben Klint. The iconic shade is still used on Le Klint's logo, making it instantly recognisable. The in-house design team at Le Klint designed the base, which is crafted from oak and features an ornate brass ring around the bottom, adding an elegant touch.

The 375 lamp is available with a light oak or a smoked oak base. The warm tones of the light oak suit light and airy decors and complement a wide range of decors. The smoked oak has a richer finish that glows with a golden hue when illuminated, adding a luxurious feel to the lamp. Each shade is expertly hand-folded at Le Klint's pleating studio in Odense, Denmark. When illuminated, the shade diffuses light into a warm glow that surrounds the lamp, perfect for adding ambient lighting to living rooms or a reading nook. The 375 is available in 3 sizes, to suit the space it's required.

Please Note: As well as the paper shade, the 375 table lamp is available with a plastic foil shade. Please Contact us for more information and pricing.
