Ferm Living Kelim Cushions - Packs of 2

Ferm Living's in-house team of designers designed the Kelim Cushion. The cushions feature colour blocking and geometric patterns that draw the eye. Each cushion is handmade from 80% wool and 20% cotton using a traditional 'Punja' loom. This is a manual loom and one of the oldest weaving techniques. Ferm Living's rugs and textiles are produced in Bhadohi, India, an area with a rich weaving culture. The factory ensures the well-being of all its employees, offering benefits such as day-care services, CSR initiatives, a shuttle service, and educational courses on health and personal hygiene.

Each cushion is hand-made and hand-dyed, so there may be colour variations from piece to piece, ensuring you have a truly unique item. In beautiful burnt hues, the Kelim cushions suit classic decors with warm, neutral tones. Display the cushions on a sofa for added comfort as well as a decorative element to the room. Alternatively, place the Kelim cushions on a bed for a dash of colour to a bedroom.

Please Note: These cushions are dry clean only.
