Ferm Living Plant Box Round

Created by their in-house team of designers, the Plant Box Round is part of Ferm Living's **Plant Box Collection**. The designers change up the shape of one of their timeless pieces, offering a round addition to the series. This self-standing planter is smaller in size, giving you versatility to display it in a wide range of settings.

The Plant Box Round is available in three finishes: Cashmere, Black, and Light Grey. Each piece is powder-coated to create a durable finish with a luxurious feel. Designed to be used both indoors and out, the Plant Box Round is both stylish and functional. Its minimalistic frame is free from any unnecessary details to suit a wide range of settings. Display throughout the home in spaces that require a practical storage solution, such as an office, bedroom, or living room. Alternatively, the Plant Box Round is an excellent way to add greenery or decoration to any space.
