Gubi Multi-Lite Table Lamp

An evolution of the iconic 1972 design by Louis Weisdorf, the Gubi Multi-Lite Table Lamp brings mid-century modern elegance to a compact form. Its signature quarter-sphere shades can be rotated to direct light upwards, downwards, or asymmetrically, offering dynamic lighting options for desks, sideboards, or bedside tables.

The lamp features a sturdy metal base in brass or chrome, complementing its curated colour palette. A perfect balance of aesthetics and function, the Multi-Lite Table Lamp adds sophistication to any room. Whether used for reading or as a decorative centrepiece, it creates a warm and inviting atmosphere. A testament to Weisdorf's passion for diversity in design, this table lamp is both a functional accessory and an artistic statement. Its timeless design ensures it remains a favourite in modern interiors.
