LE KLINT

Lamella 3 Pendant by Le Klint

Designers Jonah Takagi & Hallgeir Homstvedt's inspiration for the [Le Klint Lamella collection](#) was the underneath of a mushroom, delicate and ribbed. Following on from this inspiration the duo created the pleated Lamella 3 pendant, bringing back to life the traditional pleating method of Plica, which both Takagi and Homstvedt were equally passionate about.

The smaller and rounded Lamella 3 light is perfect over a dining table, bathing the surrounding area in a soft and diffused light due to the closed makeup of the pendant. The Lamella pendant collection looks truly stunning as a group of mixed sizes, creating an inspirational feature in a home.
