PRODUCT DESCRIPTION

Designer: Jonah Takagi & Hallgeir Homstvedt

Le Klint Lamella Plafond Ceiling / Wall Light

The Plafond wall and ceiling light is inspired by the gills of wild mushrooms, lamellae, and is where the collection gets its name. Designers Takagi and Homstvedt collaborated to create this organic-looking light using Le Klint's iconic pleats. The shade is made of Le Klint's high-quality standard plastic foil and is hand-folded by skilled craftspeople at Le Klint's factory, using the traditional method of PLICA.

The Plafond light can be installed on the ceiling or the wall. It sits flush to the surface, making it an ideal lighting solution for smaller spaces or rooms with low ceilings. It is available in two sizes, the smaller 235 and the larger 236, and the choice of either golden or aluminium finishes. The discrete metal detailing adds to the ornamental aesthetic of the Plafond and adds a touch of elegance. The Lamella Plafond is ideal for creating a cosy atmosphere in a bedroom, providing diffused, soft light. Create a sense of balance and a consistent theme by installing the Plafond throughout your home.

PRODUCT SPECIFICATION

Light Source: 2 x Max 6W E27 LED (Excluded)

IP Code: 20

Dimming: Dimmable via mains phase dimming.

Dimensions:

235:
Ø35cm
Height: 12cm

236:
Ø50cm
Height: 13cm
