New Works Karl-Johan Wall Lamp

New Works with Karl-Johan has developed a wall light to compliment the rest of the Karl-Johan collection. The new wall lamp is inspired by the shape of mushrooms, meant to be reminiscent of autumnal days spent foraging in the forest.

With simple support of either black-stained or smoked oak, the curvaceous nature of the glass dome enables the soft light emission to bounce around the room. The gentle and warm light of the Karl-Johan wall lamp inspires a cosy and warm atmosphere – perfect for curling up with a book of a brisk evening.
