PRODUCT DESCRIPTION

Orsjo Belysning Great White Wall Light

Originally designed for the luxury Hotel Nobis in Central Stockholm, Claesson Koivisto Rune studio designed the Great White in 2011 with Orsjo Belysning. Playful, striking and highly functional, the Great White wall light is arched high enough for someone to walk beneath comfortably. Its design is meant to resemble an arching fishing line, with a fish about to bite the bait!

The Great White wall light is ideal for living areas, the over-sized design is a contemporary design statement and the rod can move 180 degrees for further versatility. The shade is ideal for creating soft, diffused light for reading, tasks or general ambience.

Swingable and springy frame in rough brass. Shade in off-white chinette.
