PRODUCT DESCRIPTION

Designer: Signe Hytte

&Tradition Journey SHY2 Wall Light

The [&Tradition Journey collection](#) is a range which perfectly merges two classic geometric shapes – the rectangle and the sphere. The mouth-blown opal glass globe is reminiscent of a moon overcoming the horizon, contrasted against the steel rectangular base which comes in a choice of subtle colours.

The SHY2 wall version of the Journey light has all its wires concealed inside the neat base and is able to be mounted in a variety of different directions, including angled, making the Journey wall lamp perfect for illuminating bedsides either for a home or commercially in a hotel.
