PRODUCT DESCRIPTION

Designer: Inga Sempé

HAY Matin LED Table Lamp

The HAY Matin LED Table Lamp was designed by Inga Sempé, who drew inspiration from ribbon shops of Paris. From its delicate pleated shade to its carefully considered colour palette, the design captures a sense of Parisian charm while offering a refined, contemporary look. Combining quality and functionality with a light, tactile expression, the Matin features an integrated LED light source for efficient, modern illumination. Its polished brass finish pairs beautifully with the softly pleated shade, creating an elegant and artistic piece that brings sophistication to any interior. The lamp is available in a range of colours, including Oxide Red, Peach, Bright Red, Yellow, White, Lavender and Green.

The Matin LED Table Lamp allows you to customise the light output with ease. An in-line dimmer switch on the cable makes adjusting the brightness simple and accessible, while the interchangeable shade offers another way to personalise the design. Different shade colours can be swapped in to refresh the lamp's appearance, reflecting Sempé's thoughtful approach to colour and her desire to bring a touch of Parisian vibrancy into the home.
