HAY Bonbon Shade Table Lamp

Designed by Ana Kraš, the HAY Bonbon Shade Table Light features a meticulously handwoven shade made using the designer's original technique. Carefully selected nylon and wool yarns are woven around a powder-coated steel frame, giving each lampshade its own distinctive character. The result is a striking decorative piece that looks just as beautiful switched off as it does when illuminated.

As well as being a piece of handcrafted artwork, the HAY Bonbon Shade Table Light is highly functional, casting a soft, ambient glow that is gently diffused through the woven wool shade. Suitable for use as a table or floor lamp, it brings a calming warmth to the home and helps soften any interior setting.

Please note: The cord set for this product is also available in White. Contact us for pricing and information.
