HAY Nelson Cigar Bubble Pendant

Designed by George Nelson, the HAY Nelson Cigar Bubble Pendant is a distinctive mid-century design with an elongated, rounded shade that appears to float gently overhead. Inspired by silk-covered Swedish lamps, Nelson reimagined the look using a lightweight steel-wire frame sprayed with a translucent polymer webbing, creating a soft, sculptural form that is just as striking when switched off as it is when illuminated.

Available in small, medium and large sizes, the Cigar Bubble Pendant provides a warm, diffused glow that helps reduce glare while adding atmosphere to a room. Its slim vertical profile makes it ideal above dining tables, kitchen islands, bedside areas, reading corners, hallways and stairwells, as well as commercial interiors such as hotel lounges, restaurants and reception spaces. Finished with an off-white polymer shade, coated and brushed metal detailing and a white cable, it offers a timeless statement that feels both modern and classic.
