Sammode Studio Elgar Wall Light

SOURCE: <https://www.davidvillagelighting.co.uk/product/Sammode-Studio-Elgar-Wall-Light/20311>

PRODUCT DESCRIPTION

Sammode Studio Elgar Wall Light

The Elgar wall light is designed with inclined louvers to conceal the light source, which creates a downward reflection of light, making the Elgar ideal for lighting pathways or corridors, especially if repeated in sequence.

Available in two sizes and two colour choices, the Elgar by Sammode Studio is suitable for use in wet environments such as in the bathroom or even to light a pool area. In its metallic finishes, the Elgar is an attractive decorative wall light perfect for creating a soft ambience.

The Elgar comes complete and fully ready to install with its own cable, light source and wall outlet.
