PRODUCT DESCRIPTION

Designer: Lee Broom

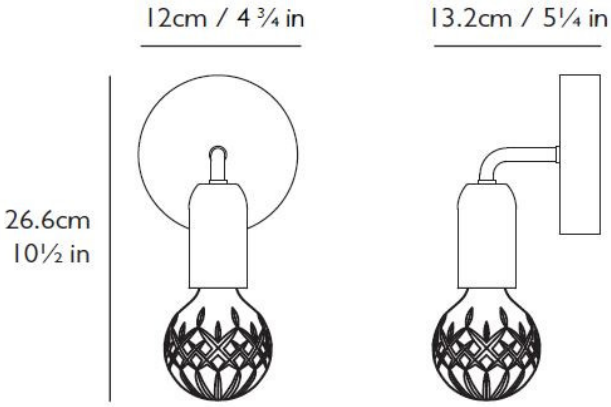

Lee Broom Crystal Bulb Wall Light

Industrial design with an elegant, stylish edge. Lee Broom's Crystal Bulb Wall Light was inspired by the intricate craftsmanship of crystal cutting, combining traditional techniques to create a modern lighting feature. The ornate crystal cutting patterns are reminiscent of whiskey glasses and decanters, transforming the light bulb from an everyday item to something far elevated. The Crystal Bulb Wall Light offers you the choice between a clear glass or a frosted glass bulb. The clear bulb provides a more direct and exposed glow, whilst the frosted glass bulb offers you a diffused glow which is perfect for ambient lighting.

Designed to complement the pendant collection, the Crystal Bulb Wall Light will work perfectly as ambient light as well as provide good general illumination for any living space. This short-armed wall light is ideal for living rooms, hallways or bedrooms due to its compact size and stylish impact.
