## PRODUCT DESCRIPTION

**Designer:** Astro Design Team

### Astro Bayville Twin Spot LED Light

The Astro Bayville Twin Spot is a versatile dual-head exterior wall light that combines high performance with sleek modern styling. Rated IP65, it offers reliable protection in outdoor settings, whether used to illuminate entrances, highlight garden features, or provide practical task lighting around patios and walkways. With bathroom suitability for zones 1, 2 and 3, the Bayville Twin also adapts seamlessly to interior spaces.

Each spotlight head can tilt up to 90° and rotate up to 330°, allowing precise directional control for both accent and general illumination. Delivering 934 lumens at 3000K, it provides a bright yet warm light output that enhances both security and ambience. The dimmable function, compatible with leading and trailing edge dimmers, gives flexibility over light levels depending on the occasion or space.

Crafted from durable aluminium in textured finishes of black, white or grey, the Bayville Twin Spot pairs long-lasting functionality with understated aesthetics. Ideal as a single fitting in smaller spaces or in multiples for larger areas, it is a practical yet stylish choice for contemporary architectural lighting schemes.
