Nemo Lighting Crown Minor Chandelier

The smallest Crown chandelier, the Crown Minor takes 12 light bulbs, and is a stunning designer lighting. The designers, Jehs+Laub, commenting on the Crown collection admitted how much nature is the source of their inspiration. The Crown chandeliers, for the German designer duo, resembles a snowflake. Crown Minor is available in the same finish options, matt white, matt black, painted gold, polished aluminium and plated gold or black. The chandelier becomes as centrepiece in every room, and with a cable at 2.5 metres long, you can hang the chandelier from high ceilings.
For pricing and more information on the plated versions and the option to have the chandelier with a G9 LED kit, please contact us. The Crown collection, includes the larger version, the Crown Major .
