Nemo Lighting Crown Minor Chandelier

The Nemo Lighting Crown Minor Chandelier reimagines the traditional chandelier through a contemporary design inspired by the geometry of snowflakes. Its modular frame holds 12 G9 bulbs, making it the smallest chandelier in the **Crown Collection**. Combining a sophisticated silhouette with functional lighting, the Crown Minor creates an eye-catching centrepiece without the scale of the larger **Crown Major**.

A 250cm suspension cable offers flexibility when positioning Crown Minor, suiting rooms with high ceilings. When illuminated, the sandblasted glass diffusers soften light into a warm, glare-free glow, perfect for creating a comfortable ambience. This ambient lighting, paired with its sculptural presence, makes the Crown Minor an ideal lighting solution for dining rooms, living areas, and entrance halls.

The Crown Minor Chandelier is also available in black, gold-painted, polished aluminium, and black-plated finishes. Please contact us for more information and pricing.
