PRODUCT DESCRIPTION

Designer: Arihiro Miyake

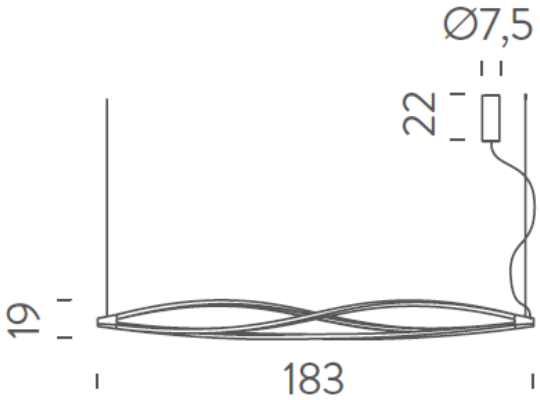

In The Wind Horizontal by Nemo Lighting

Designed by Arihiro Miyake as an exploration of modern LED technology, the In The Wind Horizontal Pendant is part of his wider In The Wind collection, distributed by Nemo Lighting. The frame is made of aluminium, moulded into a coiled, contorted shape, creating a modernistic and stylish pendant that will impress as a suspended feature light. With an intergrated LED light, this pendant creates a 360° diffused glow which is both widespread and warm.

Perfect for lighting dining tables to boardroom tables, this light works best in big room as part of a comtemporary design scheme. With a dimmable feature and available in four colours, the In The Wind Horizontal Pendant is a must have for setting the right atmosphere and providing an innovative centrepiece for your room.
