PRODUCT DESCRIPTION

Designer: Pierre Guariche

Sammode Studio Pierre Guariche G25 Wall Light

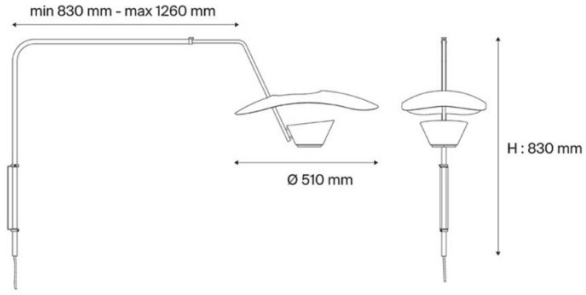

The Sammode Studio G25 Wall Light is a reissue of an iconic design by Pierre Guariche, designed in 1951. Its slim frame is crafted from brushed and lacquered brass for an elegant presence that avoids creating a visual block. The length of the brass stem can be adjusted to blend seamlessly into the surrounding environment.

When illuminated, the black shade guides light upward and downward, while a wide white reflector diffuses light into a warm, glare-free glow. This comfortable lighting is perfect for adding an inviting ambience to dining rooms, living areas, and offices. Display individually or in multiples to create uniform lighting that is both practical and atmospheric.

Please Note: The G25 Wall Light comes with a cable and plug, so needs to be installed near a socket.
