Sammode Studio Pierre Guariche G30 Floor Lamp

Originally named 'The Kite' by the designer Pierre Guariche, the G30 floor light by Sammode Studios is a striking addition to any interior space. With a shapely shade made of lacquered perforated steel, it is reminiscent of the sail of a boat inspiring ideas of escape and relaxation. The G30 floor light gives a soft diffused glow due to the high-grade metal base and reflector.

Available in a choice of either a contrasting white and black shade or a monochrome white on white version, the original design by Pierre Guariche has retained its high quality finish and light output, while being updated with the latest technologies. All Sammode Studio's luminaires are manufactured, assembled and packaged at their Châtillon-sur-Saône production plant in the Vosges region of France.
