PRODUCT DESCRIPTION

Designer: Le Corbusier

Nemo Lighting Parliament Floor Lamp

Originally designed by Le Corbusier for the Chandigarh Parliament in India, the Parliament floor lamp is now available from Nemo Lighting. With a double emission, the shade has a larger upper shade and lower smaller shade. You can also adjust the shades, by tilting up to 180 and rotating around the stem up to 345. The stem of the Parliament is matt grey and the shade is available in a black and yellow or whitewash and grey colour.

Parliament brings a colourful brush into the room's decor and can stand by your armchair or sofa, the bedroom, in the office space or just about everywhere. With its double emission, the Parliament emits a direct and indirect light bringing a warm glow into the room.
