PRODUCT DESCRIPTION

Designer: Vico Magistretti

Nemo Lighting Claritas Floor Lamp

The very first design of Italian architect and designer, Vico Magistretti and produced in 1946 with Mario Tedeschi, the Claritas is a unique table lamp. Created with bent metal tubes, that form the shade and give the Claritas an industrial look. Painted black and with parts of the structure in chromed metal, the floor light emits an indirect light. You can adjust the shade, by tilting the shade up to 90° or rotating up to 340° and direct the light in your desired position. The perfect floor light for your home, office or shop. When used with a dimmable light bulb, the Claritas light can be dimmed using a slide dimmer located in the cable.

Materials:
Aluminium
Brass
