Foscarini Spokes 3 MyLight Pendant Light

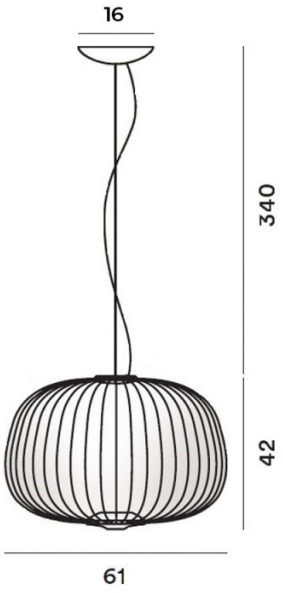

Part of the Foscarini Spokes Collection, the Spokes 3 pendant is the latest addition. The Spokes 3 MyLight benefits from the latest Bluetooth technology allowing you to EASILY dim the light using the Casambi app on your phone or tablet.

Spokes 3 is a playful pendant light, casting shadows in its surroundings, made with a steel and aluminium frame. An intriguing design for all interior spaces, the pendant looks beautiful when installed on its own or in clusters of the same size or with other pendants from the collection. A 3.4m cable allows you to install the pendant on high-ceiling areas. Garcia Cumini took inspiration from oriental lanterns and bicycle wheels.

Please Note: Foscarini are currently making adjustments to the LED light source of the Spokes. This means the brand is currently providing two slightly different versions, and if you are wishing to purchase more than one Foscarini Spokes Pendant, please contact us to ensure all fittings are supplied with the same specifications.
