PRODUCT DESCRIPTION

Designer: Michele De Lucchi & Giancarlo Fassina

Artemide Tolomeo Micro Table Lamp

Artemide Tolomeo Micro Table Lamp is the smallest version of the Tolomeo, with every element proportionally reduced to make it more compact and suitable for small spaces. Designed by Michele De Lucchi and Giancarlo Fassina, it keeps the clean, minimalist lines of the original and the balance between functionality and aesthetics that has defined the collection since 1987.

The adjustable head is equipped with a stamped aluminium reflector for uniform light distribution, and the articulated arm system uses an innovative spring mechanism so the lamp can be adjusted in height and inclination with notable ease. This makes Tolomeo Micro well-suited to desk, reading, and table use, where precise positioning matters but the lamp still needs to remain visually light.

Artemide Tolomeo Micro Table Lamp is available in a broad range of finishes, including a new-for-2026 Ruby Red, chosen in collaboration with Danese Milano. Selected finishes can also be supplied with either a traditional round base or an aluminium table clamp, allowing the lamp to adapt to tighter desks and smaller surfaces. Best suited for desks, bedside tables, shelves, window sills, and other compact interiors where an adjustable task light is needed without taking up too much space.

PRODUCT SPECIFICATION

Light Source: 1 x Max 6W E14 (Excluded)

IP Code: 20

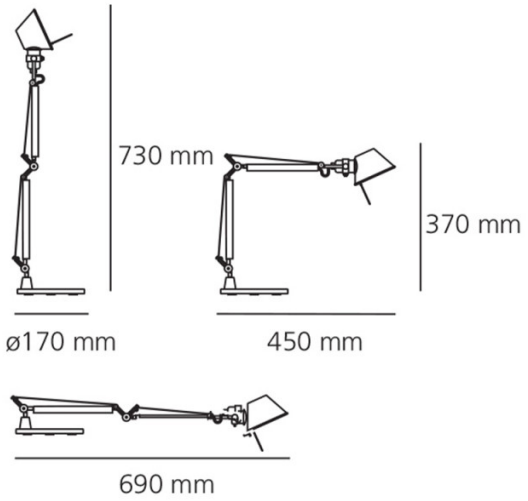

Dimming: In-line on/off switch included on cable.

Dimensions:

Round Base:
Height: 37cm
Length: 45cm
Base: Ø17cm
Max Extension Height: 73cm
Max Extension Length: 69cm

Desk Clamp:
Height: 37cm
Length: 45cm
Max Extension Height: 73cm
Max Extension Length: 69cm

Cable Length: 120cm
