PRODUCT DESCRIPTION

Designer: Michele De Lucchi & Giancarlo Fassina

Tolomeo Micro Table Lamp by Artemide

The Tolomeo Micro table lamp is the ideal desk lamp, complete with cantilvered arms to adjust the light whichever way you wish. The table lamp is available in a wide variety of finishes, ranging from a subtle white to an eye-popping orange. This lamp emits a nice glow that can both provide a light for reading or can be used to provide an inviting atmosphere.

The Tolomeo Micro table light is perfect for those smaller spaces, and takes up minimal room on shelves, tables, desks, window sill and side tables. Suitable for bedrooms, offices and lounges, whether you want a chic, elegant design or a functional, versatile light. A design by Michelle de Lucchi and Giancarlo Fassina, who reinvented the traditional table lamp with a more modern and sophisticated look, one that suits every situation.

The Micro table lamp is available with the choice of either an aluminium coloured desk clamp or a traditional round base (colour matched), so you can make the best use of your space and desk area.
