PRODUCT DESCRIPTION

Designer: Michele De Lucchi & Giancarlo Fassina

Artemide Tolomeo Micro LED Table Lamp

Artemide Tolomeo Micro LED Table Lamp is the LED version of the smallest Tolomeo table lamp, with a compact aluminium and steel structure. Designed by Michele De Lucchi and Giancarlo Fassina, it keeps the clean and minimalist lines of the collection, with an adjustable head and stamped aluminium reflector for uniform light distribution.

The articulated arm system uses the spring mechanism associated with Tolomeo, allowing the lamp to be adjusted in height and tilt. On this version, the light source is integrated, with a 3000K output and microswitch dimmer, giving the Micro table lamp a controlled, compact format for close task lighting

Artemide Tolomeo Micro LED Table Lamp is available in Aluminium. Best suited for desks, shelves, bedside tables, home offices, and small work surfaces where a compact LED table lamp is needed with adjustable movement and a clean aluminium finish.
