PRODUCT DESCRIPTION

Designer: Astro Design Team

Astro Taro Twin Fire Rated Recessed Light

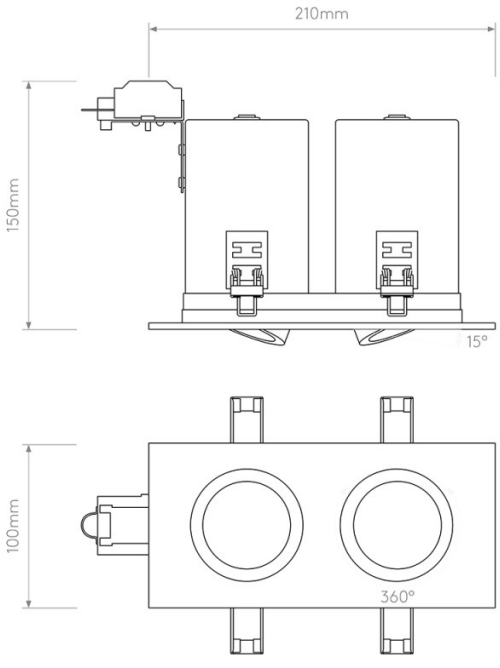

Astro Taro Twin Fire Rated Recessed Light is a Matt White twin recessed ceiling light with two adjustable spotlights and a fire-rated construction for interior use. The double fitting gives more coverage than a single recessed light, while keeping the simple ceiling-mounted appearance of the Taro range.

Each spotlight can be tilted by 15° and rotated through 360°, so the light can be aimed after installation. This makes the Taro Twin useful where light needs to be directed in two places from one recessed fitting, such as along a hallway, towards a wall, over a kitchen worktop, or across a wider part of a room.

The Taro Twin Fire Rated is wired in, dimmable depending on the lamps selected, and fire-rated to 90 minutes. It is suitable for plasterboard installation only, not solid ceilings or brick, and must not be covered with thermal insulation or mounted on flammable materials. Also available in a single version. Most suited to kitchens, hallways, living rooms, bedrooms, and interior ceilings where two adjustable recessed spotlights are needed.

PRODUCT SPECIFICATION

Light Source:	2 x Max 6W GU10 LED Dimmable (Excluded)
IP Code:	20
Dimming:	Dimmable via mains phase dimming.
Dimensions:	Height: 15cm Width: 21cm Depth: 10cm Cut-out-hole: 18.4 x 8.9cm
